

# Pharmaceutical API Catalog 2026

---

170+ GMP-Certified APIs · Complete Source Quote in 24 Hours  
CoA · USDMF/CEP · Impurity Profile · Stability Data

This catalog lists pharmaceutical APIs actively sourced by Generic Specialty Group (GSG), an independent B2B API broker headquartered in Vancouver, British Columbia, Canada. All specifications are indicative — actual purity, MOQ, regulatory status, and pricing are confirmed in each Complete Source Quote. **GENERIC SPECIALTY GROUP · MARCH 2026 · B2B PHARMACEUTICAL**

# Pharmaceutical API Catalog

Submit your molecule name, quantity required, and target regulatory market to [inquiry@genericspecialty.com](mailto:inquiry@genericspecialty.com) or via the form at [genericspecialty.com](https://www.genericspecialty.com). A Complete Source Quote — CoA, USDMF/CEP reference letter, impurity profile, stability data, pricing, and lead time — will be delivered within 24 business hours.

Code	Description
B	Biologic/Peptide API
SM	Small Molecule API
Bio	Biological/Polysaccharide
HPAPI OEB2-4	High Potency API (OEB classification)
Controlled	Controlled substance — special import/export requirements

*\* All MOQs and specifications subject to change. HPAPI molecules require additional qualification. Controlled substances subject to export/import licensing requirements. Pricing available on request only.*
